12 March 2020

Movin' March

Dear Parents and Whanau,

This year West Park School is participating in Movin' March 2020. This is a region-wide event celebrating students who walk, cycle or scooter to school in order to promote active travel and a healthy lifestyle. It is organised by Greater Wellington Regional Council.

Students have been given a WOW Passport which they can get stamped each day they ride, scooter or walk to and/or from school. If your circumstances require you to drive to school perhaps you could park a little further away from school than normal, 500m or so, and walk or scooter from the car. Year 6 students will be at the gate to stamp your child's card on arrival at school.

If your child is unable to ride, walk or scooter to school they can still participate and get their passports stamped by choosing to ride the school bikes at lunch or in class fitness sessions.

We also have lots of fun prizes to give away throughout March to participating students including keyrings, pencils, wristbands and stickers.

Completed passports can be given to the class teacher and will be sent to the organisers to go into the draw for one of 12 x \$400 My Ride vouchers. Extra passports are available if required.

Kind regards,

Michael Joseph
